Message from the Head of School

Dear Parents,

Many thanks to those parents who attended our middle school meeting and also our PYP parents coffee morning last Tuesday. It is very rewarding to know that our parents are interested in the curriculum that we offer at OWIS.

Next week, if you are a parent of children in EC1 to Grade 5, you will receive your child's interim school progress report. You will also have been sent an appointment time for a 3-way conference meeting with your child and class teacher. Please note this is an opportunity for celebration of your child's achievement and for them to feel part of the process of learning. Rather than the traditional parent-teacher conference, it will be YOUR child talking about their learning experiences and showing you some samples of their work.

We have tried to schedule family appointments close together and taken into account any preferences you expressed with regard to days, so hopefully you will be able to attend the given appointment time.

PYP Coordinators Network Meeting

On Monday, OWIS was pleased to host the Singapore PYP Coordinators Network meeting. Twenty-three PYP coordinators from IB schools all over Singapore, along with Mignon Weckert, IBO regional manager for PYP Asia Pacific, met in our school library to discuss a range of matters relating to the PYP programme in Singapore schools.

PYP Morning Tea with Deputy Head in the Library

This week One World International School was a community centre for life-long learners!

Middle School Curriculum Evening

As a school we are extending into secondary school year by year. Next year, further to confirmation by Council for Private Education (CPE) regarding our application for Grade 8, we will be able to offer the first 3 secondary years of education at OWIS. Our curriculum is a rigorous and stimulating programme of learning across 11 subject areas in preparation for International General Certificate of Secondary Education (IGCSE) at Grade 9 and 10, for which we have been certified by Cambridge International Examinations Board (CIE).
